

CELSA Manufacturing (UK) Ltd Environmental Policy

Scope

CELSA Manufacturing (UK) Limited (CELSA) is a major supplier of reinforcement and structural steel to the construction industry. CELSA recycles steel scrap by use of an Electric Arc Furnace (EAF), continuous casting of billets and hot rolling to produce reinforcing bar and steel sections. Additional recycling is achieved through mineral extraction/reuse of the furnace slag. CELSA recognises its business' potential environmental impact and the part it has to play in maintaining a clean and healthy environment.

Policy

CELSA is committed to continually improve and evaluate its Environmental Impact so that any adverse impacts (direct or indirect) on the environment are either minimised or eliminated.

CELSA will:-

- Establish and maintain an Environmental Management System complying with ISO 14001:2015 and the Eco-Management and Audit Scheme (EMAS).
- **Fulfil all environmental compliance obligations relevant to the scope of the organisation.**
- **Identify** direct and indirect environmental aspects of CELSA's activities and **ensure** appropriate controls to prevent pollution, with regular monitoring of emissions **are** undertaken.
- **Endeavour to reduce/minimise the** emissions of greenhouse gases from all our production processes.
- **Minimise** the consumption of energy and water and the generation of waste as far as practicable.
- Wherever possible **ensure that the** resources used in the production process are from recycled/renewable sources, and utilised as efficiently as practical and in the case of natural resources are from sources that demonstrate their environmental stewardship.
- **Apply the principles of the waste hierarchy** wherever practicable.
- **Ensure that** the adverse impacts associated with the transportation of raw material to CELSA and deliveries of products to customers are **minimised**.
- Aim to conserve and/or where practicable enhance the biodiversity on site, working in partnership with nature conservation organisations to improve biodiversity in the surrounding area.
- **Set** objectives and targets on an annual basis and review to evaluate performance against **those** targets.
- Through the committed support and participation of all those involved in its operations, strive to achieve its environmental objectives in order to minimise the environmental impacts of the organisation.
- **Ensure that** this policy **is** communicated to all persons working for or on behalf of CELSA (including contractors) as part of the company-training programme and **is** made available to **interested parties** via the company website.
